REASONS FOR ALLOWANCE

This is written in reference to application number 10/048828 filed on February 28, 2002 and published as US 2003/0008231 A1 on January 9, 2003.

Response to Amendment

1. Claims 1-22 are currently pending. Claims 2, 11-18 and 21-22 are allowed (see paper 06022004).

Allowable Subject Matter

2. Claims 1-22 are allowed.
3. The following is an examiner's statement of reasons for allowance: review of the prior art failed to teach and/or suggest the use of a polymer containing a group of claimed formula (1) as set forth in instant claim 1. The said claims set forth the at least one of R6 or R7 is a fluorinated alkyl group having 1 to 20 carbon atoms. The specification clearly defines an alkyl group as being unsubstituted. Aoi clearly teaches the use of a substituted alkyl group. One of ordinary skill in the art would not have been motivated nor would it have been obvious to use an unsubstituted group in the polymers of Aoi. The claimed invention is deemed allowable over the cited prior art.
4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
